

EARLI MENTORING GRANT FOR JURE MEMBERS

In order to support a smooth transition from PhD studies to post-doctoral phase and the early phases of your post-doctoral career, the EARLI Board of Directors is proud to launch its annual Mentoring Grant for JURE members. Each year, five JURE members are offered the opportunity to benefit from an international mentoring visit for a period of 2 to 4 weeks, with a suitable mentor who is an experienced scholar in the field of Learning and Instruction.

The mentor (and their team) can provide guidance and support to the JURE member on, for example, the following themes:

1. How to access international networks and promote **researcher mobility**?
2. How to apply for **funding** (sources, applications)?
3. How to build a **research network** and deal with **conflicting interests** between you and your supervisors?
4. **Strategic career planning**, available career paths.

The JURE Mentoring Grant (€ 2.200) can be used only for travel and accommodation expenses (not including foods or drinks). In case your application has been successful, the visit needs to be completed within one calendar year of receipt of the grant (unless international travel restrictions are in place).

Interested to apply?

Consult the requirements and send your application forms to the EARLI Office (info@earli.org) before the **12th of March 2024 midnight CET**.

All applications will be assessed individually, as well as in relation to each other by representatives of the EARLI Board of Directors. All applicants will be informed of the grant decisions by early April 2024.

REQUIREMENTS FOR THE **APPLICANT**

- The applicant is a **JURE member** at the time of application (requires a PhD student status or max. 3 years since completion of PhD).
- The **planned mentoring activities and the expected outcomes** of the mentoring process are clearly described in the application form.
- The applicant is responsible for finding a **suitable mentor**.
- If the applicant is a PhD student, they need to include a **statement of support from their supervisor**.

REQUIREMENTS FOR THE **MENTOR**

- The mentor is an **EARLI member** at the time of application.
- The mentor is an **experienced scholar** in the field of Learning and Instruction.
- The mentor discusses possible **mentoring activities** in advance with the applicant.
- The mentor (and their team) is committed to mentoring the applicant during the visit and provides them with a **statement of commitment**.

REQUIRED **DOCUMENTS**

To apply for the Mentoring Grant, please fill out the forms found on our website EARLI.org/JURE.

All **applications** must consist of the following documents to be considered eligible for the Mentoring Grant:

- The application form
- A statement of commitment from the mentor
- A statement of support from your supervisor (if you are applying as a PhD student)
- A CV of maximum one page

After the visit, the following information needs to be provided to the EARLI Office:

- A report describing the mentoring activities during the visit, detailing what has been achieved by the funding.
- All documents and original receipts of the expenses covered with the grant.
- A short video reflecting on your visit, your mentoring activities and achievements (max. 2 minutes).

SELECTION CRITERIA

The following criteria will be considered, in order of importance:

1. **Quality of the mentoring activity**
The quality and relevance of the proposed mentoring activities as clearly described in the application form.
2. **Results and Value**
The expected outcome of the mentoring process and its value for the applicant, the advancement of their career and their contributions to the field of educational research.
3. **Phase of career**
Priority will be given to applicants who are transitioning from PhD to post-doc.
4. **Diversity**
EARLI is committed to distribute its mentoring grants fairly across different countries of employment, nationalities and genders.
5. **Involvement with EARLI**
In case multiple applications are similarly scored for criteria 1 through 3, the number of years the applicant has been a member of EARLI can be taken into account to make the final decision.
