JURE 2026

CALL FOR BIDS 2026

S U B M I S S I O N  D E A D L I N E

The E A R L I  Organisational Board is pleased to announce the submission of bids for the 2026 JURE Conference, to be held in June or July. The conference will be a platform for national and international researchers to present their work and exchange ideas. The conference will be held in the European Union, and the bidding process is open to all European countries and other countries that are members of the E A R L I  network.

As local circumstances vary greatly and the European market is currently experiencing rapid changes, the E A R L I  Organisational Board is confident that the right city and conference venue will be found. The JURE 2026 Call for Bids has been designed to ensure that the conference meets the needs of researchers and conference participants and that the conference venue is accessible and affordable.

In order to be considered for the conference, the host city must meet the following criteria:

- **Conference Venue**: The conference venue must be able to accommodate the expected number of participants, with a minimum of 300 rooms available at a reasonable price. The venue must also be easily accessible by public transport and have a good reputation for hosting conferences.
- **Local Support**: Local support must be available to help with accommodation, catering, and other services. This includes the availability of local transport and the ability to arrange hotel rooms and conference facilities.
- **Scientific Content**: The scientific content of the conference must be relevant to the field of learning and instruction, and the programme must be well-planned and well-executed. The conference must also provide the opportunity for researchers to collaborate and exchange ideas.
- **Local History**: The host city must have a rich history and cultural heritage that will attract conference participants. The city must also have a good reputation for hosting conferences and for providing a warm and welcoming environment for visitors.

The E A R L I  Organisational Board will evaluate each bid individually as well as in relation to the criteria outlined above. The evaluation will take into account the quality of the bid, the reputation of the host city, and the potential for the conference to meet the needs of researchers and conference participants.

Please note that the submission deadline is 1st September 2023. Further information and the full submission guidelines can be found on the E A R L I  website at www.EARLI.org.

Please contact Lisa Vanhaeren at lisa.vanhaeren@EARLI.org with any further questions you may have.

The E A R L I  Organisational Board looks forward to receiving your bids and working with you to make the 2026 JURE Conference a success.
