WELCOME

Dear colleagues,

Welcome to Thessaloniki for the EARLI 2023 Conference!

The Aristotle University of Thessaloniki and the University of Macedonia are happy to host the 20th Biennial Conference of the European Association for Research on Learning and Instruction.

This year's theme "[Education as a Hope in Uncertain Times](#)" tackles important and cutting-edge topics of education and reminds us of the challenges and the co-occurring hope for the future.

We are living in times confronted by phenomena such as rapid technological advancements, a huge increase in migration and population mobility, climate change, a pandemic, economic downturns, geopolitical instability, and democratic values being disputed. Educational researchers are challenged to introduce evidence-based practices and reforms to educational policymakers in the context of global change and uncertainty. Evidence-based knowledge can bring some confidence to the educational communities experiencing so much turmoil and uncertainty.

Research on learning and instruction can bring [Hope](#) that schools and educational institutions can better support students' learning and intellectual development, their social and emotional development as well as their well-being and mental health. It can also bring [Hope](#) that educators will be better prepared to address societal change in their profession. Educational research can give [Hope](#) that schools will become forces for positive changes to society!

The EARLI 2023 Organisers are proud to present an impressive, rich, and stimulating scientific programme covering current research in all fields of learning and instruction. A total of 553 sessions and 2.065 presentations coming from 58 countries all over the world promise five exciting conference days. A wide range of topics representing basic and applied research, multiple and innovative methodological approaches, educational levels ranging from preschool to higher education and lifelong learning, diverse contexts, and educational and professional communities of learning. Special thanks go to the International Programme Committee and to all the reviewers for their significant contribution to keeping the quality of the conference so high.

Despite the intensive conference programme, don't miss the opportunity to get to know Thessaloniki, a city with a continuous history of 2.300 years, but also a lively, multicultural, inclusive city and a gastronomic destination that attracts young people, tourists, and international business. The city also has a strong academic community. The two hosting universities, the Aristotle University of Thessaloniki and the University of Macedonia are centrally located and provide you with the opportunity to walk through the city center or the stunning promenade and get acquainted with the city. A complementary enjoyable programme which includes sightseeing walks in the city and daily excursions to neighboring archaeological sites, provides more opportunities for networking, history, relaxation and fun.

The EARLI 2023 conference has been a long collective process. Many people have significantly contributed to this conference. We would like to express our deepest thanks to all of those who have given so generously their time, energy and expertise to help make this event a reality.

We hope the EARLI 2023 will meet your expectations and fuel your enthusiasm. We are sure you will enjoy the scientific programme, the interactions with experts, colleagues and friends, as well as the city and the Greek hospitality. We invite all of you to [sow the seeds of hope for education](#) in this journey of EARLI 2023!

Welcome to Thessaloniki and enjoy EARLI 2023!

KEYNOTE SPEAKERS

Prof. Daniel Ansari

University of Western Ontario (CA)

Numbers, Brains, Development and Education: Progress, Challenges and Promise

Location: AUTH_CH | **Wednesday 23 August, 09:45-11:15**

Daniel Ansari received his PhD from University College London in 2003. Presently, he is a Professor and Canada Research Chair in Developmental Cognitive Neuroscience and Learning in the Department of Psychology and the Brain & Mind Institute at the University of Western Ontario in London, Ontario, where he heads the Numerical Cognition Laboratory. Ansari and his team explore the developmental trajectory underlying both the typical and atypical development of numerical and mathematical skills, using both behavioral and neuroimaging methods.

Prof. Pirjo Aunio

University of Helsinki (FI)

Individual Differences in Early Numeracy, Executive Functions, Motor Skills and Physical Activity

Location: HELEXPO_CC | **Thursday 24 August, 09:45-11:15**

Since early 2000 Pirjo Aunio has conducted research in development and learning of mathematical skills, learning difficulties in mathematics, assessment of mathematical performance and development, and mathematical and related cognitive skills interventions. She has worked on developing evidence-based assessment and intervention tools to be used by teachers with funding from Ministry of Education and Culture. She has published more than 60 peer-review articles and books related to her research area. Pirjo Aunio works as a professor (Special Education, 2013->) at the University of Helsinki. Currently, she is also a visiting professor (Early Childhood Education) at the University of Johannesburg (South Africa).

Prof. Sangeeta Bagga-Gupta

University of Jönköping (SE)

On the Necessity of Major and Minor Synväändor in the Educational Sciences

Location: AUTH_CH | **Friday 25 August, 09:45-11:15**

Sangeeta Bagga-Gupta is a professor of education with an interdisciplinary background. She is the scientific leader of the research environment CCD (Communication, Culture, Diversity), which she founded in the 1990s at Örebro University. Her research is characterised by a pronounced interdisciplinary/multidisciplinary perspective and has a strong international anchorage. Her research focuses on a number of themes in areas such as communication/language, identity, culture, digitalisation and learning based on ethnographic approaches at a micro-, meso- and macro-level, as well as socio-cultural and decolonial theories.

Prof. Sarit Barzilai

University of Haifa (IL)

Dr. Eva Thomm

University of Erfurt (DE)

Dealing with Disagreement: Coming to Terms with the Social Nature of Knowledge

Location: HELEXPO_CC | **Friday 25 August, 09:45-11:15**

Sarit Barzilai is a Senior Lecturer in the Department of Learning and Instructional Sciences in the Faculty of Education at the University of Haifa. Her primary research interests are understanding and fostering learners' digital literacy and epistemic thinking (i.e., thinking about knowledge and knowing) so that they can cope with the complexities of twenty-first century knowledge societies.

Eva Thomm obtained her PhD in 2013 at the Westfälische Wilhelms-Universität Münster in Germany. She currently works at the University of Erfurt and does research on topics such as science reception, understanding and explaining expert controversy, understanding and evaluating scientific evidence and evaluating and using sources of information (sourcing).

Outstanding Publication Award 2021

Assoc. Prof. Crina Damsa

University of Oslo (NO)

Together for Learning: Understanding the Ecosystem of Collaborative Learning

Location: HELEXPO_CC | Wednesday 23 August, 09:45-11:15

Crina Damsa is an associate professor and vice dean for innovation and digitalization at the Faculty of Educational Sciences at the University of Oslo in Norway. Her research focuses on social, cultural and technological aspects of learning across formal and informal settings, with an emphasis on dialogue, knowledge construction and pedagogical innovation.

Prof. Nikos Makris

Democritus University of Thrace (GR)

Consciousness as a Compass for Navigating Learning in Uncertain Times

Location: UOM_CH | Friday 25 August, 09:45-11:15

Nikolaos Makris currently holds a professorship in Cognitive Psychology at the Democritus University of Thrace in Greece. He is also the director of the Cognitive Development and Learning Lab. His research focuses on cognitive development in children and adolescents, as well as executive functioning, cognitive neuropsychology and neuroscience.

Prof. Matthias Nückles

University of Freiburg (DE)

Journal Writing as Medium for Thinking and Learning: Instructional Support to Foster Self-regulated Learning

Location: UOM_CH | Thursday 24 August, 09:45-11:15

Matthias Nückles is an educational psychologist and professor of educational sciences at the University of Freiburg. In his research, he investigates how students' self-regulated learning can be effectively supported. He further seeks to improve understanding of successful teaching in order to create learning environments that support prospective teachers in the development of their teaching abilities. His research is interdisciplinary, as he tries to integrate ideas from educational, social and cognitive psychology as well as from the philosophy of science. Also, he fosters collaboration with researchers in mathematics, science, history and literature education.

Prof. Thierry Olive

University of Poitiers (FR)

Learning to Master Writing: Coping with Cognitive Demands of Writing Processes

Location: UOM_CH | Wednesday 23 August, 09:45-11:15

Thierry Olive is a psychology researcher at the University of Poitiers, specialising in language issues and, in particular, the cognitive mechanisms supporting writing skills in adults and learning to write in children with a learning or language disability. He also studies how writing tools, particularly digital tools, affect cognitive functioning.

Prof. Gale Sinatra

University of Southern California (US)

Why Deny? The Psychology of Public Misunderstanding of Science

Location: AUTH_CH | Thursday 24 August, 09:45-11:15

Gale Sinatra is a Professor of Psychology and the Stephen H. Crocker Professor of Education at Rossier. Her areas of expertise include climate science education, evolution education, learning theory, knowledge construction, conceptual change learning, literacy acquisition, assessment, and the public understanding of science. Her recent research focuses on understanding the cognitive and motivational processes that lead to successful learning in science. Specifically, she focuses on the role of motivation and emotion in teaching and learning about controversial topics, such as biological evolution and climate change.

EXHIBITORS & SPONSORS

Brill remains one of the fastest growing publishers of books in Educational Research and related fields, with more than 100 new titles published annually, along with an increasing offering of journals and other resources. Brill's publications feature a cast of top international authors that make up a veritable "Who's Who" in their specialties.

Elsevier provides information and analytics that help institutions and professionals progress science, advance healthcare and improve performance. We help researchers make new discoveries, collaborate with their colleagues, and give them the knowledge they need to find funding. Our goal is to expand the boundaries of knowledge for the benefit of humanity.

For the 50th anniversary of UHasselt, the Higher Education With Impact conference wants to bring together educators, researchers and scientific educational experts to talk about higher education with impact. The Educational Conference will be a platform for innovative thinking about the role of higher education in driving impact and solving complex societal challenges.

LifBi provides longitudinal data for empirical educational research. This includes the National Educational Panel Study (NEPS), the largest long-term educational study in Germany. Our own research focuses on competence development, structures and conditions of education, social inequalities over the life course, educational outcomes and survey methodology.

Mangold International is a world leading provider of professional labs for observational studies. We offer synchronized video and sensor data acquisition, integrated analysis, eye tracking - including all services like planning, on-site installation and long-term support. This makes Mangold your one-stop-shop for your research lab with more than 25 years of experience.

A bittersweet goodbye and a promise to meet again at EARLI2025.

CONFERENCE SESSION FORMATS

Paper

Paper sessions consist of four thematically clustered paper presentations, followed by a discussion with the audience. It is important that empirical papers have data and results or they will not be accepted. Theoretical papers, which provide background research, specific evidence, analytical thinking and/or recommendations on specific themes and topics, are also welcome.

Paper sessions are scheduled for 90 minutes. Four presenters are given 15 minutes presentation time followed by 5 minutes for questions. At the end of all presentations there is a 10- minute open discussion.

Poster

Interactive poster sessions involve five or six posters. A short presentation of about 5 minutes for each poster is given to an audience gathered as a group. After the authors' brief presentation, an in-depth discussion between them and the audience follows. The poster sessions offer researchers the chance to present their work in a visual format and offer more opportunities for interaction and discussion.

Poster sessions are scheduled for 90 minutes, following the format above. Materials for fixing posters on the walls or poster boards will be provided.

Symposium

Symposia provide an opportunity to present research on one topic, often from multiple perspectives, compiling a coherent set of papers for discussion. Symposia sessions are directed by a chair, involving four presenters and one discussant, from at least three different countries. We recommend that each individual submission is checked for its own quality and its relevance and coherence to the topic of the symposium prior to formal submission to EARLI 2023.

A symposium is scheduled for 90 minutes, allowing 15 minutes presentation time per speaker, 10 minutes for the discussant and 20 minutes for open discussion.

Roundtable

Roundtable sessions offer opportunities for a more discursive exploration of research issues. This may well involve discussion of work in progress. The presenters elaborate on their emerging data and theory, and invite the participants to contribute to a discussion on potential challenges. Three to five presenters will explain and discuss their research one after another.

Roundtable sessions are scheduled for 90 minutes and consist of 3 to 5 thematically clustered roundtables. Each presenter provides a 5-minute presentation, followed by time for questions, equally divided among the number of roundtables per session.

ICT Demonstration

ICT Demonstrations allow presenters to display, explain and familiarise users with a potentially useful teaching or research tool or method. The presentation may include references to completed research, but the point of the session is to demonstrate the tool, not present the research for criticism. The audience may offer their viewpoints and share their experiences with similar tools or different tools for the same purpose.

ICT Demonstrations are scheduled individually for 90 minutes.

Workshop

Workshops provide an opportunity to familiarise participants with some aspect of research or teaching practice, so that questioning and discussion are suitably informed. Learning-by-doing occupies most of the session, and any presentations are brief. Providing adequate time for reflective discussion is important.

Workshops are scheduled individually for 90 minutes.

PRESENTERS' PREPARATION STEPS

Oral presentations

All presentations should be prepared in Microsoft products format (.ppt, pptx) or Portable Document Format (PDF) and will be uploaded with the help of our volunteers directly in laptops which will be provided in each session room, using a USB-key.

Check the conference app and online programme to confirm presentation date and time.

More info: www.earli2023.gr (PROGRAMME/PRESENTERS)

Poster presentations

Posters will be presented in specific session rooms (R01, R02, R03, R04) at the University of Macedonia (UOM) on the first floor.

Check the conference app and online programme for your poster and set up your poster at the appropriate location. Required material will be provided by volunteers who will also assist you with anything further.

More info: www.earli2023.gr (PROGRAMME/PRESENTERS)

Abstracts

Both EARLI and JURE abstracts are available online at the earli.org/EARLI2023 (PROGRAMME), as well as the EARLI 2023 Guidebook app.

Programme Changes

The conference app will always be kept up to date, in order to incorporate any last-minute programme changes. Make sure to have the app installed on your phone, and you will always have the most up-to-date version of the programme.

Programme Book

The conference programme book is available as pdf file at the conference website. www.earli2023.gr (PRESENTERS/PROGRAMME BOOK)

A printed version of the EARLI programme can be purchased together with your conference registration and can be collected at the designated registration booth.

CONFERENCE APP

guidebook

Passphrase: **earli2023**

The EARLI 2023 conference app is compatible both with IOS and Android mobile devices, hosted by Guidebook and can be downloaded free of charge in the App Store or Google Play Store (passphrase: earli2023). You can browse the conference programme and generate your personal agenda. Once installed the app will work without an internet connection, however be sure to refresh the app regularly, in order to get the latest updates!

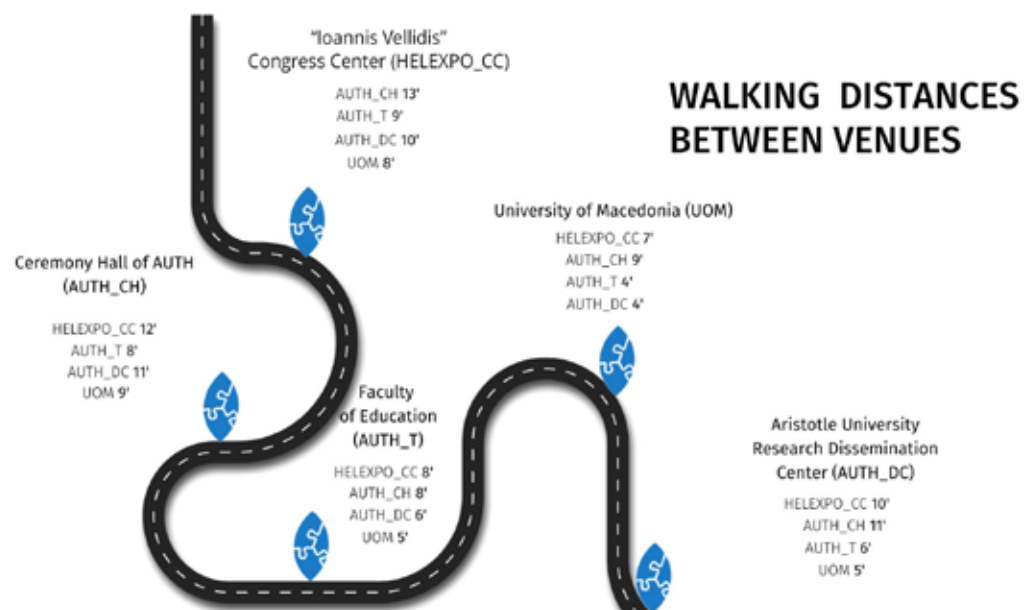

CONFERENCE VENUES

CONFERENCE VENUES

We know coming to a new city for a conference can always be a bit challenging, so here is some basic info: The conference will take place in five different venues within the city center, close to each other (from 4 to 13 minutes' walk) as you can see in the map.

Four of those are part of the campuses of the two biggest universities in Thessaloniki, **Aristotle University of Thessaloniki (AUTH)** & **University of Macedonia (UOM)**.

Within the Aristotle University of Thessaloniki there are three buildings in which the conference will be taking place.

- **Ceremony Hall AUTH (AUTH_CH)**
- **Aristotle University Research Dissemination Center (AUTH_DC)**
- **The Tower of the Faculty of Education (AUTH_T)**

On the first day of JURE we will welcome you at the **University of Macedonia (UOM)**

and on the first day of EARLI at **“Ioannis Vellidis” Congress Centre (HELEXPO_CC)**.

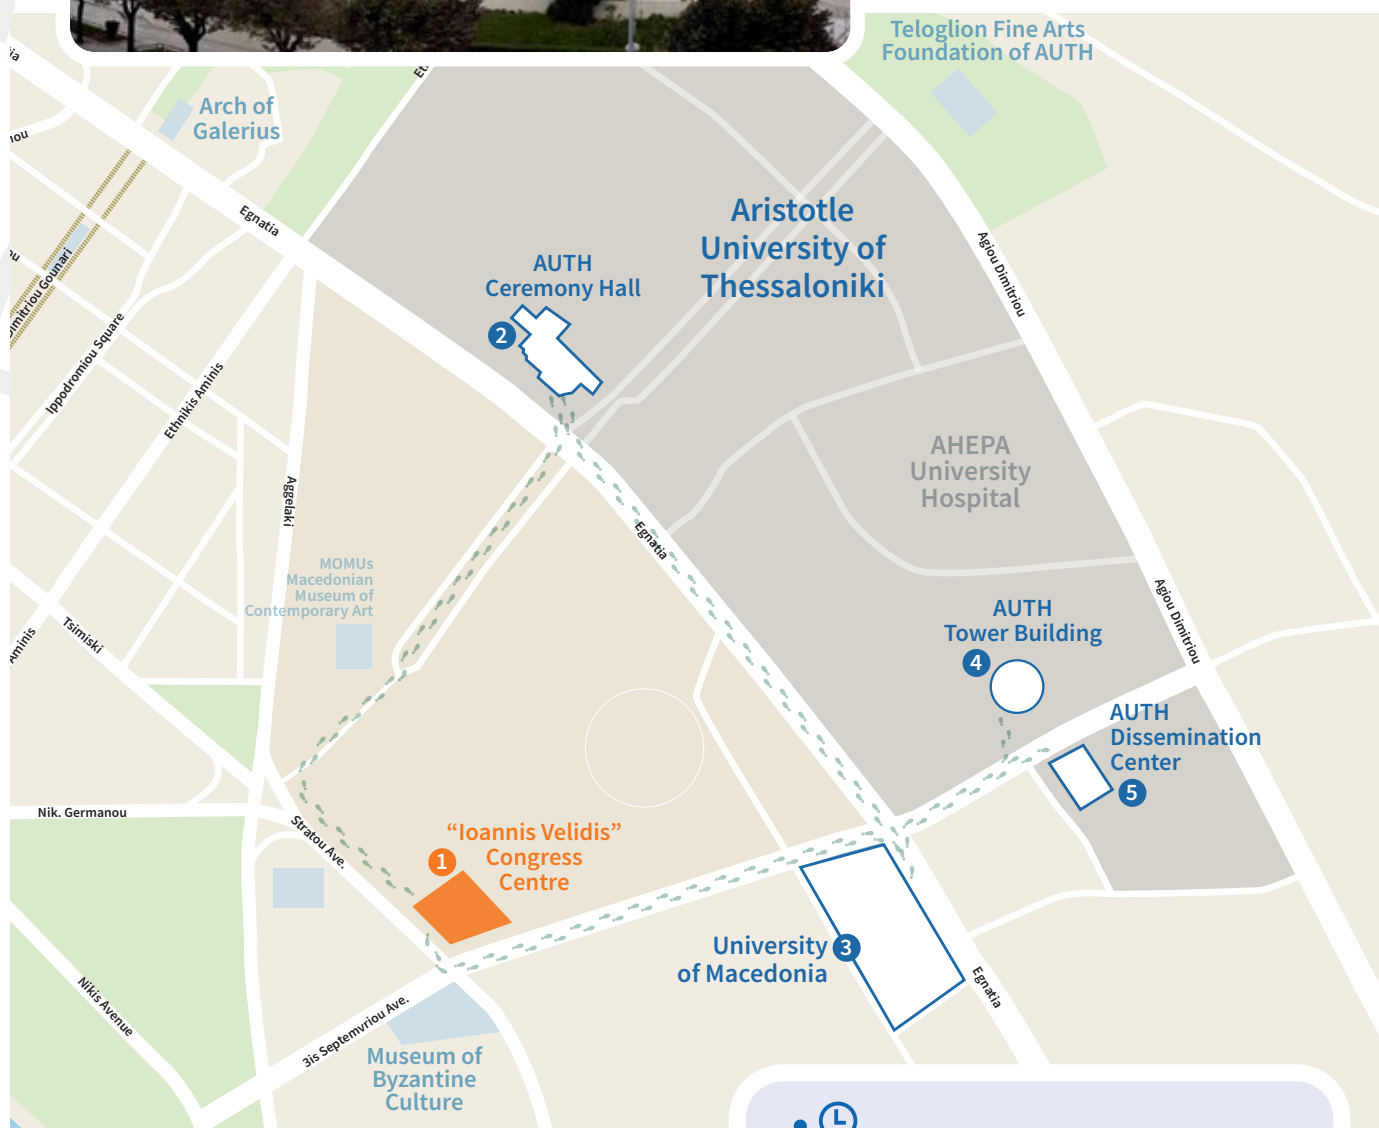

The images above will make it easier for you to recognize the venues while walking!

In all conference venues, on the website and also in the app, you can find detailed orientation tips about how to move around from venue to venue!

VENUES' PRACTICAL INFO

Volunteers

More than 150 volunteers, mostly students of the two collaborating universities, are happy to welcome you and assist you during your attendance at the conference! You can recognize them by their distinct t-shirts. You will find them in venue entrances, programme rooms, meeting rooms and every other step of your way at EARLI 2023!

Accessibility

All venues are accessible by wheel chair, accessible toilet facilities are provided, and the Local Organising Committee has marked the easiest path within all conference buildings. However, be mindful that city pavements and streets might be narrow and less comfortable to go through.

Therefore, we advise anyone requiring assistance, to contact the Welcome Desk upon arrival in order to be able to help you if needed at all times during the conference.

Catering

The Local Organising Committee has focused a lot on offering to all delegates some unique and healthy (including vegetarian and vegan) options from the Greek/Mediterranean cuisine. Coffee breaks and lunches will be provided at all conference venues (AUTH_DC will be accommodated at AUTH_T). **For the purpose of balanced distribution of portions, you are strongly advised to be served at the location where the session last attended ends.** Regarding special allergies, please make sure you ask the catering staff about the exact ingredient of each menu plate.

Canteens

For anyone wishing to have a coffee or snack in between breaks, you can easily access the two canteens on the Ground Floor of the University of Macedonia (UOM) and the Tower Building (AUTH).

Water

It is summertime in Greece and we all need to hydrate! This is why you will find a water cooler in many different spots, in all venues. You can fill and refill your EARLI water bottle as many times as you wish and is needed, but please note that there are no plastic cups as we are making an effort to be as sustainable as possible. Freshen also yourself with your personal EARLI hand fan!

Computer Lab

Since we all have nowadays a computer in our hands and our bags, there is no computer lab provided. However we have 2 allocated Lounge Areas (in more busy foyers) and Working Spaces (in quieter rooms) where you can take a break from the conference programme and work as much as you wish!

Lounge Areas

All venues have a space for you to sit and take a break. However our designated Lounge Areas are on the Ground Floor of the University of Macedonia and the 1st Floor of the Tower Building,

Information Desk

Any information you may need you can contact us at the Welcome Desk at the Ground Floor of the University of Macedonia, or ask the designated Desks at each venue.

Working Spaces

Sometime common spaces can become too crowded and noisy: if you wish to work in a quieter space, you are more than welcome to use one of the two Working Spaces on the First Floor of the University of Macedonia (marked on the floor plans).

Meeting Rooms

In case you need to have a meeting with a working group or some colleagues, we will definitely be able to assist you with one of our available Meeting Rooms located in UOM, AUTH_T and AUTH_DC. Please contact the Welcome Desk in order to be able to check availability and book a room for you.

Relax & Prayer Room

If you wish to relax or it is that time of the day for praying, you can isolate yourself from the conference buzz and pause conference time by using the designated room at AUTH_T (Tower Building) and specifically on the underground level of the outer building, In case you wish to locate a specific Place of Worship in the city, please contact the Welcome Desk.

Childcare Service

EARLI 2023 strongly believes in making the event available to everyone in the community, and as part of that effort, daycare is offered at a small cost to parents attending EARLI 2023. We have partnered with the Social Cooperative Enterprise (SCE) EPTTA, an experienced and highly recommended professional daycare for children provider, who will be on-site on the conference floor keeping your children safe, entertained and happy. The children will be supervised by trained and skilled staff at all times.

More info: www.earli2023.gr (DESTINATION/PRACTICAL INFO)

(please contact the Welcome Desk if you require a room for breastfeeding or nursing)

Yoga Service

Harmony between mind and body is what we may require during some intense conference days: therefore EARLI2023 provides organised YOGA sessions

- every morning (7:00 am) at the Umbrellas on the city's waterfront, and
- every lunch break (13:30 pm) in the Yoga Room at AUTH_TE.

If you wish to join, please make sure you inform us by email or at the Welcome Desk the day before!

Wayfinding

There is always enough time between sessions (15 minutes) to move from venue to venue. You will get familiar with all buildings and routes after the first conference day, but you can always consult the website, the app and the signage available in the entrance of each venue with detailed maps and orientation tips.

An effort to be green & sustainable.

In this rapidly changing world that we live in, the EARLI2023 Local Organising Committee, in compliance with EARLI's policy, has made an effort for an -as much as possible- sustainable meeting, taking the following initiatives:

- choosing merchandising materials that are either from recycled or recyclable material
- providing personal water bottles to avoid the use of any plastic cups for water coolers
- offering many options in catering menus that are based on vegetables/plants, and healthy materials
- securing that any food not consumed will be provided to those in need (homeless or poor people in collaboration with local organizations)
- avoiding prints for the total number of 2.500 participants (ex printed invitations, coupons etc) and avoiding the use of a plastic case for the nametag
- designing the reuse of any branded material (ex banners) for future conference

Every step we take towards a more sustainable environment and society can make a difference!

Emergency / First Aid

On the ground floor of the University of Macedonia, a First Aid service (with professional personnel and medical service) will be available during all conference days and times. In case of an Emergency, either medical or other, please contact immediately the Welcome Desk or call the Emergency numbers 166 or 112 from any mobile phone.

Code of Conduct

EARLI 2023 is dedicated to providing an enjoyable and safe conference experience for everyone. As a community, we value and respect all people, regardless of race, ethnicity, gender identity, sexual orientation, religion, neurodiversity, disability, or any other aspect that, in fact, makes our community diverse and more inclusive. Both the EARLI 2023 organisers and the EARLI EC will not tolerate vilification, abuse, or harassment in any form. In the unpleasant situation you feel unsafe or harassed, notice that someone else is being harassed, or have any other concerns, please be aware of the procedure following and contact our Safe Conference Care Team.

More info: <https://www.earli.org/events/earli2023#section-code-of-conduct>

Lost & Found

In case you lose a personal belonging or find something which someone probably lost, please contact the Welcome Desk. We will have a Lost & Found box, which we hope is never really full!

Photocopying

There are copy shops in close proximity to the conference venue.

For small scale prints (size A4, up to 5 pages) you can use the Printing Room (AUTH_T, 1st floor).

For printing services you may contact the print shop ΞΗΡΟΓΡΑΦΙΑ, which is located really close to the Aristotle University.

We choose to introduce the hosting
city of Thessaloniki by its brand phrase:
“many stories, one heart”

A compact human-scale city, influenced in its 3.000 year of history by its focal point in the region and its waterfront location, is a vibrant city of multicultural identity both in the past (Roman, Byzantine, Ottoman) and the present, a youthful destination due to its academic community as an educational hub, and a unique city break often preferred for its food and entertainment culture, being ranked by National Geographic Travel in the top 10 Nightlife Cities.

ROUNDTABLE: EYE TRACKING IN INSTRUCTION AND ASSESSMENT

Chair

Jimmy van Rijt, Tilburg University, Netherlands

Teaching Visual Problem-Solving: Understanding how Experts Transfer Visual Expertise to Novices

Christine van Nooijen, Erasmus University Rotterdam, Netherlands

Investigating pre-service teachers' sense-making of educational dashboards using multichannel data

Clara Schumacher, Humboldt Universität zu Berlin, Germany; Roger Azevedo, University of Central Florida, United States; Dirk Ifenthaler, University of Mannheim, Germany

Using Multimodal Data to Diagnose Probabilistic Misconceptions via an Online Diagnostic Tool

Daryn Dever, University of Central Florida, United States; Roger Azevedo, University of Central Florida, United States

Session F: 23

Time: 14:45-16:15

Location: UOM_A04

WORKSHOP: REINVIGORATING READING AS AN IMAGINATIVE, VITAL EXPERIENCE FOR YOUNG PEOPLE

Reinvigorating reading as an imaginative, vital experience for young people

Amanda McGraw, Federation University Australia, Australia

Session F: 24

Time: 14:45-16:15

Location: UOM_R05

WORKSHOP: BUILDING BRIDGES BETWEEN RESEARCH AND SCHOOLS: FEEDBACK TO PRIMARY EDUCATION TEACHERS ON HANDWRITING

Building bridges between research and schools: Feedback to primary education teachers on handwriting

Irene Ibarra, University of the Basque Country, Spain; Asuncion Martinez-Arbelaiz, University of the Basque Country, UPV/EHU, Q 4818001B, Spain; Jose Maria Arriola, University of the Basque Country, Spain

ANNOTATIONS:

THIS SESSION WILL TAKE PLACE IN ROOM UOM_W INSTEAD OF ROOM UOM_R05.

Session F: 25

Time: 14:45-16:15

Location: UOM_A07

WORKSHOP: KNOWING YOUR ABCS: ASSET BASED COMMUNICATION FOR ACTIONABLE LEARNING INTERVENTIONS**Knowing Your ABCs: Asset Based Communication for Actionable Learning Interventions**

Angela Stewart, University of Pittsburgh, United States; LuEttamae Lawrence, Utah State University, United States; Nikki Lobczowski, McGill University, Canada; Stephen Hutt, University of Denver, United States

Session G: 1

Time: 17:00-18:30

Location: AUTH_CH

INVITED SYMPOSIUM: PHASES OF INQUIRY IN PRACTICE: CONTEXTS AND VARIATIONS**Chair**

ANASTASIOS CHOVDAS, University of Cyprus, Greece

Organisers

Koen Veermans, University of Turku, Finland; Valentina Nachtigall, Ruhr University Bochum, Germany

Discussant

Margus Pedaste, University of Tartu, Estonia

Problematising a linear conceptualization of inquiry learning

ANASTASIOS CHOVDAS, University of Cyprus, Greece

Mathematical Modelling With Hands-on Experimentation as a Possibility for Inquiry Learning

Ramona Hagenkötter, Ruhr-University Bochum, Germany; Valentina Nachtigall, Ruhr University Bochum, Germany; Katrin Rolka, Ruhr University Bochum, Germany; Nikol Rummel, Ruhr University Bochum, Germany

Enrichment for talented students: Scientific inquiry competencies in primary schools

Ulrich Trautwein, University of Tübingen, Germany

Refining Phases of Inquiry: bridging between model and practice

Koen Veermans, University of Turku, Finland; Antti Lehtinen, University of Jyväskylä, Finland; Tomi Jaakkola, Tampere University, Finland; Wouter Joolingen, Utrecht University, Netherlands

ANNOTATIONS:

SIG 20 INVITED SYMPOSIUM

Session G: 2

Time: 17:00-18:30

Location: UOM_CH

SYMPOSIUM: UNDERSTANDING AND OPTIMIZING EFFECTS OF RETRIEVAL PRACTICE IN EDUCATION**Chairs**

Niklas Obergassel, Ruhr University Bochum, Germany; Sterre Ruitenburg, Open Universiteit, Department of Online Learning and Instruction, Netherlands

Organisers

Gino Camp, Open Universiteit, Department of Online Learning and Instruction, Netherlands; Julian Roelle, Ruhr University Bochum, Germany

Discussant

Vered Halamish, Bar-Ilan University, Israel

Effects of Retrieval Practice and Summarization on Retention and Comprehension in Primary Education

fieke ophuis, Open Universiteit, Department of Online Learning and Instruction, Netherlands; Leen Catrysse, Open Universiteit, Department of Online Learning and Instruction, Belgium; Lucia Rozendal, Open University of the Netherlands, Netherlands; Desirée Joosten-ten Brinke, Open University of the Netherlands, Netherlands; Gino Camp, Open Universiteit, Department of Online Learning and Instruction, Netherlands

Worked-Examples and Retrieval Practice in Primary School Students' Mathematical Problem-Solving

Sterre Ruitenburg, Open Universiteit, Department of Online Learning and Instruction, Netherlands; Gino Camp, Open Universiteit, Department of Online Learning and Instruction, Netherlands; Kevin Ackermans, Open Universiteit, Department of Online Learning and Instruction, Netherlands; Paul Kirschner, kirschner-ED / Open Universiteit, Department of Online Learning and Instruction, Netherlands; Halszka Maria Jarodzka, Open Universiteit, Department of Online Learning and Instruction, Netherlands

Benefits of Retrieval Practice with Stepwise Multiple-Choice Questions: A Study in Primary Education

Gesa van den Broek, Utrecht University, Netherlands; Gerard Hoogenhout, Utrecht University, Netherlands; Laurie Kist, Utrecht University, Netherlands; Liesbeth Kester, Utrecht University, Netherlands; Tamara Van Gog, Utrecht University, Netherlands

Effects of Combining Retrieval Practice and Generative Learning Tasks

Niklas Obergassel, Ruhr University Bochum, Germany; Alexander Renkl, University of Freiburg, Germany; Tino Endres, University of Freiburg, Germany; Matthias Nückles, University of Freiburg, Germany; Shana Carpenter, Iowa State University, United States; Julian Roelle, Ruhr University Bochum, Germany

Session G: 3

Time: 17:00-18:30

Location: AUTH_DC3

SYMPOSIUM: TEACHER COMPETENCE TO SEE AND ENGAGE IN MATHEMATICAL THOUGHT WITH THEIR PRESCHOOLERS**Chair**

Simone Dunekacke, Freie Universität Berlin, Germany

Organisers

Joke Torbeyns, KU Leuven, Belgium; Simone Dunekacke, Freie Universität Berlin, Germany

Discussant

Esther Brunner, Thurgau University of Teacher Education, Kreuzlingen (PHTG), Switzerland

Preschool teacher competencies when sharing a picture book in view of mathematical development

Joke Torbeyns, KU Leuven, Belgium; Emke Op 't Eynde, KU LEUVEN, Belgium; Fien Depaepe, KU Leuven, Belgium; Lieven Verschaffel, KU Leuven, Belgium

Pre-service EC teacher's situation-specific skills: An insight in quantity and quality

Simone Dunekacke, Freie Universität Berlin, Germany; Lisa Starcke, Freie Universität Berlin, Germany; Julia Barenthien, Universität Hamburg, Germany; Mirjam Steffensky, Universität Hamburg, Germany; Aiso Heinze, Leibniz Institute for Science and Mathematics Education, Germany

Early childhood teachers' competence to identify mathematics in picture books

Iliada Elia, University of Cyprus, Cyprus; Van den Heuvel-Panhuizen Van den Heuvel-Panhuizen, Utrecht University, Netherlands & Nord University, Norway, Norway; Eleni Deliyianni, Cyprus Ministry of Education, Sports and Youth, Cyprus

Teachers' performance and toddlers' numerical learning opportunities when reading picture books

Camilla Björklund, University of Gothenburg, Sweden; Hanna Palmér, Linnaeus University, Sweden

Session G: 4

Time: 17:00-18:30

Location: UOM_A02

SYMPOSIUM: THE EMERGENCE OF CREATIVITY WITHIN AND BETWEEN INDIVIDUALS AND ITS EDUCATIONAL IMPLICATIONS**Chair**

Evelyn Kroesbergen, Radboud University, Netherlands

Organisers

Honghong Bai, Tsinghua University, China; Kim van Broekhoven, Erasmus University Rotterdam, Netherlands

Discussant

Mare van Hooijdonk, Radboud University Nijmegen, Netherlands

Creativity in dialogues: Parents vs. strangers, who can better support idea generation in children?

Honghong Bai, Tsinghua University, China; Luk Shu Chan, Faculty of Education, University of Hong Kong, Hong Kong; Hetao Zhang, School of Education and Information Studies, University of California, United States; Li Shang, School of Education and Information Studies, University of California, United States; Stella Christie, Tsinghua University, China

Types of talk in student teams: Enabling or stifling creative synergy in teams?

Kim van Broekhoven, Erasmus University Rotterdam, Netherlands; Evelyn Kroesbergen, Radboud University, Netherlands; Ming Ming Chiu, Department of Educational Studies, Purdue University, Hong Kong

The effect of reflective debriefs on team behavior during creative problem solving

Roni Reiter-Palmon, University of Nebraska, United States; Payge Japp, University of Nebraska at Omaha, United States; Kyle Christensen, Clemson University, United States; Marissa Shuffler, Clemson University, United States; A Patel, University of Texas, Dallas, United States; Joshua Summers, University of Texas, Dallas, United States

Everyday dynamics of students' creative engagement

Maciej Karwowski, University of Wrocław, Poland; Aleksandra Zielińska, University of Wrocław, Poland

Session G: 5

Time: 17:00-18:30

Location: UOM_A03

SYMPOSIUM: ADVANCING SRL RESEARCH WITH ARTIFICIAL INTELLIGENCE – THEORETICAL AND CONCEPTUAL FOUNDATIONS**Chair**

Sanna Järvelä, University of Oulu, Finland

Organisers

Sanna Järvelä, University of Oulu, Finland; Inge Molenaar, Radboud University Nijmegen, Netherlands

Discussant

Marcus Specht, TU Delft, Netherlands

Research on the grid: measuring self-regulated learning with multimodal data and the role of AI

Susanne de Mooij, Radboud University, Netherlands; Joni Lämsä, University of Oulu, Finland; Roger Azevedo, University of Central Florida, United States; Maria Bannert, Technical University of Munich (TUM), Germany; Dragan Gasevic, Monash University, Australia; Sanna Järvelä, University of Oulu, Finland; Inge Molenaar, Radboud University Nijmegen, Netherlands

Towards Hybrid Human-AI Regulation: Supporting Young learners' Self-regulated Learning

Inge Molenaar, Radboud University Nijmegen, Netherlands; Anne Horvers, Radboud University, Netherlands; Rick Dijkstra, Radboud University Nijmegen, Netherlands; Rianne Kooi, Radboud University Nijmegen, Netherlands; Carolien A. N. Knoop-van Campen, Radboud University Nijmegen, Netherlands

Studying and developing metrics for socially shared regulation in learning

Sanna Järvelä, University of Oulu, Finland; Andy (Khanh Xuan) Nguyen, University of Oulu, Finland; Márta Sobocinski, University of Oulu, Finland; Eija Vuorenmaa, University of Oulu, Finland, Finland; Ahsen Çini, University of Oulu, Finland

Closing the feedback loop for self-regulated learning with learning analytics

Mladen Raković, Monash University, Australia; Yizhou Fan, Peking University, China; Tongguang Li, Monash University, Australia; Shaveen Singh, Monash University, Australia; Xinyu Li, Monash University, Australia; Dragan Gasevic, Monash University, Australia

Session G: 6

Time: 17:00-18:30

Location: AUTH_DC1

SYMPOSIUM: INVESTIGATING STUDENTS' ACTIVE PARTICIPATION IN CLASSROOM DISCOURSE**Chair**

Ricardo Böheim, Technical University of Munich, Germany

Organiser

Ricardo Böheim, Technical University of Munich, Germany

Discussant

Maria Vrikki, University of Nicosia, Cyprus

Can dialogic discourse enhance student participation and student learning?

Klara Sedova, Masaryk University, Czech Republic; Martin Sedlacek, Masaryk University, Czech Republic; Roman Švaříček, Masaryk University, Czech Republic; Zuzana Salamounova, Masaryk University, Czech Republic; Tomáš Lintner, Masaryk University, Czech Republic

Promoting active participation: Examining contextual factors influencing shy students' hand raising

Lukas Mundelsee, University of Heidelberg, Germany; Susanne Jurkowski, Universität Erfurt, Germany

Hand raising and its bidirectional relationships with cognitive elaboration and self-concept

Ricardo Böheim, Technical University of Munich, Germany; Martin Daumiller, University of Augsburg, Germany; Tina Seidel, Technische Universität München, Germany

Automated hand-raising detection in classroom videos

Babette Bühler, Hector Research Institute of Education Sciences and Psychology, Germany; Ruikun Hou, University of Tübingen, Germany; Efe Bozkir, University of Tübingen, Germany; Patricia Goldberg, University of Tübingen, Germany; Peter Gerjets, Leibniz-Institut für Wissensmedien, Germany; Ulrich Trautwein, University of Tübingen, Germany; Enkelejda Kasneci, Technical University of Munich, Germany

Session G: 7

Time: 17:00-18:30

Location: UOM_CR

SYMPOSIUM: CURRENT READING RESEARCH: COVID-19 IMPACT, RISKS AND BENEFITS OF DIGITAL TECHNOLOGIES FOR READING**Chair**

Ulrich Ludewig, Institute for School Development Research, TU Dortmund University, Germany

Discussant

Danielle McNamara, Arizona State University, United States

COVID-19 Pandemic and Student Reading Achievement – Findings from a School Panel Study

Ulrich Ludewig, Institute for School Development Research, TU Dortmund University, Germany; Ruben Kleinkorres, Institute for School Development Research, TU Dortmund University, Germany; Rahim Schaufelberger, Institute for School Development Research, TU Dortmund University, Germany; Theresa Schlitter, Technical University Dortmund, Germany; Ramona Lorenz, Institute for School Development Research, TU Dortmund University, Germany; Nele McElvany, Institute for School Development Research, TU Dortmund University, Germany

Markus Spitzer, Martin-Luther Universität Halle, Switzerland; Korbinian Moeller, Centre for Mathematical Cognition, School of Science, Loughborough University, Loughborough, United Kingdom, United Kingdom

Eye-tracking as a tool to study student cognitive engagement and attention in the math classroom

Miitta Järvinen, University of Jyväskylä, Finland; Joni Lämsä, University of Oulu, Finland; Raija Hämäläinen, University of Jyväskylä, Finland; Janne Roslöf, Åbo Akademi, Finland; Sami Lehesvuori, University of Jyväskylä, Finland; Lauri Kettunen, University of Jyväskylä, Finland

Effects of formative assessment on motivation via perceived competence support in 3rd graders

Larissa Aust, University of Münster, Germany; Birgit Schütze, University of Münster, Germany; Jan Hochweber, St. Gallen University of Teacher Education, Switzerland; Ralf Benölken, University of Wuppertal, Germany; Elmar Souvignier, University of Münster, Germany

Session Q: 12

Time: 08:00-09:30

Location: UOM_R09

SINGLE PAPER: CRITICAL THINKING, TRUST IN SCIENCE AND SCIENTIFIC INQUIRY**Chair**

Katharina Asbury, Leibniz Institute for Science and Mathematics Education (IPN), Germany

Students' assessment of authentic pedagogy when learning to evaluate the trustworthiness of sources

Maartje van der Eem, University of Amsterdam, Netherlands; J.P. van Drie, University of Amsterdam, Netherlands; Saskia Brand-Gruwel, Zuyd, University of Applied Sciences, Netherlands; Carla Van Boxtel, University of Amsterdam, Netherlands

Belief updating when confronted with scientific evidence: Examining the role of trust in science

Tom Rosman, Leibniz Institute for Psychology (ZPID), Germany; Sianna Grösser, Leibniz Institute for Psychology (ZPID), Germany

Promoting evidence-informed reasoning in student teachers through peer feedback

Julia Hornstein, University of Augsburg, Germany; Martin Greisel, University of Augsburg, Germany; Johanna Ott, University of Augsburg, Germany; Anna Weidenbacher, University of Augsburg, Germany; Ingo Kollar, University of Augsburg, Germany

Mapping student goal plans to scientific inquiry learning behaviors during inquiry-based learning

Megan Wiedbusch, University of Central Florida, United States; Alex Goslen, North Carolina State University, United States; Dan Carpenter, North Carolina State University, United States; Roger Azevedo, University of Central Florida, United States

Session Q: 13

Time: 08:00-09:30

Location: AUTH_T202

SINGLE PAPER: EYE TRACKING AND GAZE**Chair**

Xiangyuan Feng, University of Groningen, Netherlands

Player profiles in a mathematics educational game based on eye gaze and game log data

Diana-Elena Gratie, University of Turku, Alexandru Ioan Cuza University of Iasi, Romania; Erno Lehtinen, University of Turku, Finland

What was I doing? Gaze-display feedback to support students' monitoring and learning in radiology

Ellen Kok, Utrecht University, Netherlands; Diederick Niehorster, Humanities Lab Lund, Sweden; Anouk van der Gijp, UMC Utrecht, Netherlands; Dik Rutgers, UMCU, Netherlands; William Auffermann, University of Utah, United States; Marieke van der Schaaf, UMCU, Netherlands; Liesbeth Kester, Utrecht University, Netherlands; Tamara Van Gog, Utrecht University, Netherlands

Uncovering learning from video: Cued-retrospective Reporting vs. Concurrent-Retrospective Reporting

Marijn Gijzen, University of Antwerp, Belgium; Charlotte Van Tricht, University of Antwerp, Belgium; Leen Catrysse, Open Universiteit, Department of Online Learning and Instruction, Belgium; Sven De Maeyer, Antwerp University, Belgium; David Gijbels, University of Antwerp, Belgium

Investigating student gaze synchrony in the classroom as indicator of student engagement

Babette Bühler, Hector Research Institute of Education Sciences and Psychology, Germany; Efe Bozkir, University of Tübingen, Germany; Patricia Goldberg, University of Tübingen, Germany; Peter Gerjets, Leibniz-Institut für Wissensmedien, Germany; Ulrich Trautwein, University of Tübingen, Germany; Enkelejda Kasneci, Technical University of Munich, Germany

Session Q: 14

Time: 08:00-09:30

Location: UOM_A02

SINGLE PAPER: COMPREHENSION OF TEXT AND GRAPHICS**Chair**

Ilias Karasavvidis, University of Thessaly, Greece

Ideally Easy and Scientific? Text Features, the Role of Reader Characteristics and Trustworthiness

Mark Jonas, Leibniz Institute for Psychology (ZPID), Germany; Martin Kerwer, Leibniz Institute for Psychology (ZPID), Germany; Anita Chasiotis, Leibniz Institute for Psychology (ZPID), Germany; Tom Rosman, Leibniz Institute for Psychology (ZPID), Germany

Knowledge revision during reading – do pictures reduce the activation of outdated information?

Pauline Frick, Leibniz-Institut für Wissensmedien (IWM), Germany; Panayiota Kendeou, University of Minnesota, United States; Anne Schueler, Leibniz-Institut für Wissensmedien, Germany

Exploring students' use of self-constructed diagrams when writing answers to test questions

Emmanuel Manalo, Kyoto University, Japan; Mari Fukuda, Simon Fraser University, Canada

When is a scientist perceived to be credible? Trust and expertise in socio-scientific domains

Victoria Johnson, University of Minnesota, United States; Rina Harsch, University of Minnesota, United States; Panayiota Kendeou, University of Minnesota, United States

Session Q: 15

Time: 08:00-09:30

Location: UOM_A08

SINGLE PAPER: EVOLVING CORE PRACTICES IN TEACHER EDUCATION**Chair**

Hege Hermansen, Oslo Metropolitan University, Norway

Comparing Core Practices and Entrustable Professional Activities in Teacher and Medical Education

Marieke van der Schaaf, University Medical Center Utrecht / Utrecht University, Netherlands; Martine van Rijswijk, Utrecht University, Netherlands; Jan van Tartwijk, Utrecht University, Netherlands

At the Core of Core Practices: Conceptual Knowledge as an Enabling Factor for Successful Teaching

Julia Kienzler, Universität Freiburg, Germany; Tim M. Steininger, University of Freiburg, Germany; Thamar Voss, University of Freiburg, Germany; Joerg Wittwer, University of Freiburg, Germany

A Learning Trajectory for Preservice Science Teacher Eliciting and Interpreting Student Thinking

Courtney Bell, University of Wisconsin, United States; Mark Olson, University of Wisconsin-Madison, United States

Dilemma Managing as a Core Practice in Teaching

Roland Ebert-Glang, Albert-Ludwigs-University Freiburg, Germany; Ai Miyamoto, University of Freiburg, Germany; Matthias Nückles, University of Freiburg, Germany

ANNOTATIONS:

PLEASE NOTE THAT THIS SESSION ROOM HAS CHANGED FROM AUTH_TE1 TO UOM_A08.

Session Q: 16

Time: 08:00-09:30

Location: UOM_A04

SINGLE PAPER: EDUCATION FOR SUSTAINABLE DEVELOPMENT**Chair**

Christine Edwards-Groves, Griffith University, Australia

Future-oriented science education building sustainability competencies

Antti Laherto, University of Helsinki, Finland; Tapio Rasa, University of Helsinki, Finland; Lorenzo Miani, University of Bologna, Alma Mater Studiorum, Italy; Sibel Erduran, University of Oxford, United Kingdom; Olivia Levrini, University of Bologna, Italy

Education in the Anthropocene.

Denis Francesconi, University of Vienna, Austria

How teachers (can) make a difference for students' development of sustainability competencies

Katja Scharenberg, University of Education Freiburg, Germany; Eva-Maria Waltner, University of Education Freiburg, Germany; Christoph Mischo, University of Education Freiburg, Germany; Werner Rieß, PH Freiburg, Germany

FridaysForFuture as its Pedagogical Function. An Enactive Network for Sustainable Development.

Denis Francesconi, University of Vienna, Austria; Evi Agostini, University of Vienna, Austria

Session Q: 17

Time: 08:00-09:30

Location: UOM_A11

SINGLE PAPER: TEACHERS' WELL-BEING: ASSOCIATIONS WITH TEACHER- AND STUDENT-RELATED VARIABLES**Chair**

Sheeza Mahak, Loughborough University, United Kingdom

Teachers' epistemic theories and their relations to work-related wellbeing in five countries

Heidi Lammassaari, University of Helsinki, Finland; Lauri Hietajärvi, University of Helsinki, Finland; Rekar Abdulhamed, University of Helsinki, Finland; Markus Talvio, University of Helsinki, Finland; Kirsti Lonka, University of Helsinki, Finland

Development and interplay in teachers' self-regulation and well-being: an intervention study

Christine Wolfgramm, University of Teacher Education Zurich, Switzerland; Simone Berweger, Zurich University of Teacher Education, Switzerland; Zippora Bühner, Zurich University of Teacher Education, Switzerland; Andrea Keck Frei, Zurich University of Teacher Education, Switzerland; Christine Bieri Buschor, Zurich University of Teacher Education, Switzerland

Student Engagement and Teacher Wellbeing: A Longitudinal Examination of Within-Person Effects

Aleksandra Huic, Faculty of Humanities and Social Sciences, University of Zagreb, Croatia; Irena Buric, University of Zadar, Croatia; Izabela Soric, University of Zadar, Croatia

This Student Makes me Feel Burnt Out: Student-Specific Self-Efficacy, Classroom Demands, and Burnout

Annika Koch, University of Bonn, Germany; Fani Lauermann, University of Bonn, Germany

Session Q: 18

Time: 08:00-09:30

Location: AUTH_DC2

SINGLE PAPER: COGNITIVE DEVELOPMENT AND LEARNING IN EARLY CHILDHOOD**Chair**

Ute Sproesser, PH Ludwigsburg, Germany

Developmentally appropriate learning: the adaptation of Ages and Stages Questionnaire-3 in Greek

Maria Koushiou, University of Nicosia, Cyprus; Stavros Trakoshis, Unicaf University, Cyprus, Cyprus; Nina Michael, University of Cyprus, Cyprus; Fofi Constantinidou, University of Cyprus, Cyprus; Panayiota Dimitropoulou, University of Crete, Greece; Alexandra Klimentopoulou, Institute of Child Health, Greece; Antonis Jossif, "Paedi" Center for Specialized Pediatrics, Cyprus

No evidence that playing a number line game improves numerical skills: a randomised controlled trial

Ella James-Brabham, Loughborough University, United Kingdom; Tim Jay, Loughborough University, United Kingdom; Francesco Sella, Loughborough University, United Kingdom

Talk Matters in Shared Reading: The Role of Verbal Participation in Listening Comprehension

Janne Lepola, Univ. of Turku, Finland; Anu Kajamies, University of Turku, Finland; Molly Fuller Collins, Vanderbilt University, Department of Teaching and Learning, United States; Eero Laakkonen, University of Turku, Finland

Long-term effects of the home literacy environment on reading development

Minna Torppa, University of Jyväskylä, Finland; Kati Vasalampi, University of Jyväskylä, Finland; Pekka Niemi, University of Turku, Finland; Kenneth Eklund, University of Jyväskylä, Finland

Session Q: 19

Time: 08:00-09:30

Location: UOM_A13

SINGLE PAPER: TEACHERS' ATTITUDES AND BELIEFS ABOUT TEACHING AND ASSESSMENT**Chair**

David Zamorano, Universidad de Deusto, Spain

Medical teachers' beliefs about teaching and assessment: effects on challenges and teaching quality

Javier Fernández, Universidad de Leon, Spain; Ernesto Panadero, Universidad Deusto, Spain; Eneko Balerdi, Universidad de Deusto, Spain; Gaizka Camarón Alonso, Universidad de Deusto, Spain; Elena Auzmendi, Universidad de Deusto, Spain; Lucía Barrenetxea-Mínguez, University of Deusto, Spain

Development and validation of a questionnaire on teachers' conceptions of Assessment Literacy.

Kitty Meijer, HU University of Applied Sciences Utrecht; Open University of the Netherlands, Netherlands; Liesbeth Baartman, University of Applied Sciences Utrecht, Netherlands; Marjan Vermeulen, Heerlen Open Universiteit, Netherlands; Elly de Bruijn, Hogeschool Utrecht / OU, Netherlands

Development of elementary teachers' beliefs about history and history teaching in a PD-programme

Yolande Potjer, University of Amsterdam, Netherlands; Marjolein Dobber, Vrije Universiteit Amsterdam, Netherlands; Carla Van Boxtel, University of Amsterdam, Netherlands

Teachers Trust Scientific Evidence - Especially if it Confirms Their Beliefs

Kirstin Schmidt, University of Education Karlsruhe, Germany; Tom Rosman, Leibniz Institute for Psychology (ZPID), Germany; Colin Cramer, Eberhard Karls Universität Tübingen, Germany; Kris-Stephen Besa, Universität Münster, Germany; Samuel Merk, PH Karlsruhe, Germany

Session Q: 20

Time: 08:00-09:30

Location: UOM_R02

POSTER PRESENTATION: COMPUTER-ASSISTED LEARNING IN STUDENTS AND TEACHERS

Chair

Jule Krüger, University of Potsdam, Germany

Teachers' and students' acceptance of digital personalised learning: a case study in Flanders.

Ine Windey, KU Leuven, Belgium; Stefanie Vanbecelaere, KU Leuven, Belgium; Fien Depaepe, KU Leuven, Belgium

Designing for human-AI collaboration: the effects of elaborateness and adaptability of explanations

Lenka Schnaubert, University of Nottingham, United Kingdom; Lydia Harbarth, University of Duisburg-Essen, Germany; Cora Weisenberger, Universität Duisburg-Essen, Germany; Daniel Bodemer, University of Duisburg-Essen, Germany

Training teachers to promote self-regulated learning with digital media in the classroom

Sabrina Reith, Technical University of Munich, Germany; Maria Bannert, Technical University of Munich (TUM), Germany

Enhancing lasting learning by generative drawing through integration of retrieval practice

Seokyoung Kim, Ruhr University Bochum, Institute of Educational Research, Germany; Detlev Leutner, University of Duisburg-Essen, Germany; Philipp Schmiemann, Biology Education Research and Learning Lab, University of Duisburg-Essen, Germany; Julian Roelle, Ruhr University Bochum, Germany

Learning to write in the digital age – differences between learning writing by hand or by computer

Vibeke Rønneberg, University of Stavanger, Norway; Wenke Mork Rogne, Volda University College, Norway; Eivor Finset Spilling, Volda University College, Norway; Per Henning Uppstad, Norwegian Reading Center, Norway; Siv M. Gamlem, Volda University College, Norway

When to pose questions to promote learning from a science text?

Ignacio Máñez, University of Valencia / Interdisciplinary Research Structure for Reading Research (ERI Lectura), Spain; Alba Rubio, University of Valencia / Interdisciplinary Research Structure for Reading Research (ERI Lectura), Spain; Marian Serrano-Mendizábal, University of Valencia / Interdisciplinary Research Structure for Reading (ERI Lectura), Spain; Eduardo Vidal-Abarca, Universidad de Valencia, Spain

The Complexities of Using Digital Social Networks in Teaching and Learning

Enilda Romero-Hall, University of Tennessee-Knoxville, United States; Lina Gomez-Vasquez, The University of Tampa, United States; Laila Forstman, University of Tampa, United States; Caldeira Ripine, University of Tampa, United States; Carolina Dias da Silva, University of Tampa, United States

Session Q: 21

Time: 08:00-09:30

Location: UOM_R01

POSTER PRESENTATION: PRE-SERVICE AND EARLY CAREER TEACHERS: MOTIVATIONAL, AFFECTIVE AND LEARNING PROCESSES

Chair

Henrik Lindqvist, Linköping University, Sweden

The impact of epistemic beliefs and emotions on student teachers' views about educational research

Gillian Peiser, Liverpool John Moores University, United Kingdom

Promoting preservice teachers' reflection with training using the critical incident technique

Veronika Anselmann, University of Education Schwäbisch Gmünd, Germany

Effects of epistemic emotions on pre-service teachers' MCK and MPCK

Robin Göller, Leuphana University Lüneburg, Germany; Lars Jenßen, Humboldt-Universität zu Berlin, Germany; Katja Eilerts, Humboldt-Universität zu Berlin, Germany; Michael Besser, Leuphana Universität Lüneburg, Germany

The role of health literacy and occupational self-regulation for teacher trainees' well-being

Kira Elena Weber, Leuphana University Lüneburg, Germany; Elena Hohensee, Leuphana Universität Lüneburg, Germany; Stephan Schieman, Leuphana Universität Lüneburg, Germany

Complex requirement situations - learning opportunities for student teachers

Liana Pirovino, Pädagogische Hochschule Zürich, Switzerland; Annelies Kreis, University of Teacher Education Lucerne (PH Luzern), Switzerland

Personality traits as determinants of early-career teachers' occupational well-being

Josip Šabić, Institute for Social Research in Zagreb, Croatia; Dora Petrović, Institute for Social Research in Zagreb, Croatia

Session Q: 22

Time: 08:00-09:30

Location: UOM_R03

POSTER PRESENTATION: SELF-REGULATED LEARNING AND BEHAVIOUR

Chair

Jean-Marc Meunier, Université Paris 8, France

Effects of students' metacognition on teacher judgments, and school track decisions

Markus Neuenschwander, University of Applied Sciences and Arts Northwestern Switzerland, Switzerland; Sog Yee Mok, University of Applied Sciences and Arts Northwestern Switzerland PH (FHNW), Switzerland; Kathrin Lockl, Leibniz Institute for Educational Trajectories (LIfBi), Germany

Analyzing Self-Regulated Learning of Secondary School Students

Shruti Athavale, Technical University of Munich, Germany; Lyn Lim, Technical University of Munich, Germany; Maria Bannert, Technical University of Munich (TUM), Germany

An in-depth analysis of students' approaches to transfer of trained self-regulated learning skills

Jane Piepenbosch, Utrecht University, Netherlands; Gesa van den Broek, Utrecht University, Netherlands; Vincent Hoogerheide, Utrecht University, Netherlands; Ewa Miedzobrodzka, Utrecht University, Netherlands; Tamara Van Gog, Utrecht University, Netherlands

Not motivated - How regulation of learning builds up students' will to learn

Hanna Jarvenoja, University of Oulu, Finland; Tiina Susanna Törmänen, University of Oulu, Finland

Sequential patterns between SRL processes and essay data in k-12 students.

Inti Bistolfi, Radboud University, Netherlands; Susanne de Mooij, Radboud University, Netherlands; Joep van der Graaf, Radboud University, Netherlands; Inge Molenaar, Radboud University, Netherlands

Learning how to Learn through Student-Engaged Design (LhL-SED): Effects on Learning and Engagement

Shannon King, George Mason University, United States; Haley McKeen, George Mason University, United States; Anastasia Kitsantas, George Mason University, United States; Beth Hosek, George Mason University, United States; Sahar Wahidi, George Mason University, United States; Asuka Nuwere, George Mason University, United States; Jerry Putt, George Mason University, United States; Roy Echeverria, George Mason University, United States; Jack Belkin, George Mason University, United States

The relation between the quality of university students' goal-setting and self-regulation.

Heleen van Ravenswaaij, UMC Utrecht, Netherlands

Session Q: 23

Time: 08:00-09:30

Location: UOM_GYM

ROUNDTABLE: SELF-REGULATED LEARNING AND BEHAVIOUR

Chair

Risto Hotulainen, University of Helsinki, Finland

Instructional knowledge: On an empirical road towards conceptual clarification

Morane Stevens, KU Leuven - University of Leuven, Belgium; Jan Elen, KU Leuven, Belgium

An intraindividual study to how students regulate their motivation across a Bachelor course

Linda Zenger, University Utrecht, Netherlands; Barbara Flunger, Utrecht University, Netherlands; Tamara Van Gog, Utrecht University, Netherlands

Building bridges between theory and automated methods to study collaborative learning interactions

Kateryna Zabolotna, University of Oulu, Finland, Finland; Jonna Malmberg, University of Oulu, Finland; Daniel Spikol, University of Copenhagen, Denmark

Frequencies and effects of academic comparisons in everyday life

Alexandra Petrak, University of Koblenz, Germany; Jens Möller, Kiel University, Germany; Friederike Helm, Kiel University, Germany; Fabian Wolff, Universität of Koblenz, Germany

SYMPOSIUM: HIGH MATHEMATICS ACHIEVEMENT: RECENT ADVANCES AND CHALLENGES IN UNDERSTANDING ITS MECHANISMS**Chair**

Roland Grabner, University of Graz, Austria

Organiser

Bert De Smedt, KU Leuven, Belgium

Discussant

Michael Schneider, University of Trier, Germany

Can cognitive abilities before the start of school predict later high mathematics achievement?

Bert De Smedt, KU Leuven, Belgium; Merel Bakker, KU Leuven, Belgium; Joke Torbeyns, KU Leuven, Belgium; Lieven Verschaffel, KU Leuven, Belgium

The Role of Need for Cognition in Knowledge Acquisition in Mathematics in Regular and Gifted Classes

Franzis Preckel, University of Trier, Germany; Julia Matthes, University of Trier, Germany

How can we characterise high-achieving students in advanced school mathematics?

Simona Daguati, ETH Zurich, Switzerland; Elsbeth Stern, ETH Zurich, Switzerland

The role of mathematical expertise for memory and creativity

Michaela A. Meier, Educational Neuroscience, Institute of Psychology, University of Graz, Austria; Stephan Vogel, University of Graz, Austria; Roland Grabner, University of Graz, Austria

Session R: 4

Time: 09:45-11:15

Location: UOM_CR

INVITED SYMPOSIUM: SITUATION- AND CONTEXT-SPECIFICITY OF MOTIVATION AND EMOTIONS**Chairs**

Hanna Jarvenoja, University of Oulu, Finland; Hanna Gaspard, TU Dortmund University, Germany

Discussants

Hanke Korpershoek, University of Groningen, Netherlands; Fani Lauermann, University of Bonn, Germany

Fatou-Maty Diouf, University of Geneva, Switzerland; Sabrina Matri, University of Geneva, Switzerland; Jean-Luc Dorier, University of Geneva, Switzerland

Session U: 1

Time: 16:30-18:00

Location: UOM_CH

INVITED SYMPOSIUM: MORE THAN JUST NOISE? NEW INSIGHTS ON HETEROGENEITY IN STUDENTS' PERCEPTIONS OF INSTRUCTION**Chair**

Lisa Bardach, University of Tübingen, Germany

Organisers

Lisa Bardach, University of Tübingen, Germany; Sebastian Röhl, University of Tübingen, Germany

Discussant

Jonathan Schweig, RAND Corporation, United States

Heterogeneity in students' perception of instruction is a marker of non-adaptive teaching

Sebastian Röhl, University of Tübingen, Germany; Lisa Bardach, University of Tübingen, Germany

Differentiated instruction from students' perspective in mathematics lessons

Emilie Prast, Leiden University, Netherlands; Marieke van Geel, University of Twente, Netherlands; Trynke Keuning, Hogeschool KPZ, Netherlands; Hans Luyten, University of Twente, Netherlands

Heterogeneity in instructional quality perceptions as indicator of teachers' diagnostic competence?

Marko Lüftenegger, University of Vienna, Austria; Claudia Neuendorf, Hector Institute for Education Research and Psychology, Tübingen University, Germany; Joy Muth, University of Vienna, Austria; Kou Murayama, University of Tübingen, Germany

Teacher involvement and help seeking: An intraindividual approach to within-group heterogeneity

Kyle Davison, University of Oxford, United Kingdom; Lars-Erik Malmberg, University of Oxford, United Kingdom; Kathy Sylva, University of Oxford, United Kingdom

ANNOTATIONS:

EFG INVITED SYMPOSIUM

Session U: 2

Time: 16:30-18:00

Location: AUTH_DC1

SYMPOSIUM: MULTIMODAL APPROACHES WITH MEASURES OF PHYSIOLOGICAL AROUSAL IN EDUCATION**Chair**

Inge Molenaar, Radboud University Nijmegen, Netherlands

Organiser

Anne Horvers, Radboud University Nijmegen, Netherlands

Discussant

Lars-Erik Malmberg, University of Oxford, United Kingdom

Analyzing Multimodal Data to Understand Trainees' Regulation Strategies in Simulation Scenarios

Matthew Moreno, McGill University, Canada; Lucia Patino, McGill University, Canada; Keerat Grewal, McGill University, Canada; Sayed Azher, McGill University, Canada; Jason Harley, McGill University, Canada

How students' socio-emotional interaction profiles emerge in collaborative learning

Tiina Susanna Törmänen, University of Oulu, Finland; Mohammed Saqr, University of Eastern Finland, Finland; Hanna Jarvenoja, University of Oulu, Finland; Jonna Malmberg, University of Oulu, Finland; Sanna Järvelä, University of Oulu, Finland

Physiological Synchrony in Interpersonal Agency: A Case Study on Collaborative Problem Solving

Reito Visajaani Salonen, Helsinki Institute for Social Sciences and Humanities, University of Helsinki, Finland; Eeva Haataja, University of Helsinki, Finland; Esther Chan, University of Melbourne, Australia; Chase Sherwell, University of Queensland, Australia; Ross Cunningham, University of Queensland, Australia

Multimodal data streams to explore emotional responses to immediate feedback in young learners

Anne Horvers, Radboud University Nijmegen, Netherlands; Ard Lazonder, Radboud University, Netherlands; Inge Molenaar, Radboud University Nijmegen, Netherlands; Tibor Bosse, Radboud University Nijmegen, Behavioural Science Institute, Netherlands

Session U: 3

Time: 16:30-18:00

Location: UOM_CR

SYMPOSIUM: EDUCATING FOR DEMOCRACY. TEACHING AND LEARNING DOMAIN-SPECIFIC REASONING TO DISCUSS SOCIAL ISSUES**Chair**

Carla Van Boxtel, University of Amsterdam, Netherlands

Organiser

Geerte Savenije, University of Amsterdam, Netherlands

Discussant

Gerhard Stoel, Radboud University, Nijmegen, Netherlands

Design principles and educative materials that can promote students' social scientific reasoning

Thomas Klijnstra, University of Amsterdam, Netherlands

Teaching strategies for value-loaded critical reasoning in philosophical dialogues

Geerte Savenije, University of Amsterdam, Netherlands; Floor Rombout, Utrecht University, Netherlands

Advancing students' reasoning about democracy: A project on social and political trust

Maria Jansson, Örebro University, Sweden; Johan Sandahl, Stockholm University, Sweden; Patrik Johansson, Departement of Teaching and Learning, Stockholm university, Sweden

The relationship between students' reasoning about historical and social issues in inquiry tasks

Fien Depaepe, KU Leuven, Belgium; Karel Van Nieuwenhuysse, KU Leuven, Belgium; Marjolein Wilke, KU Leuven, Belgium

Session U: 4

Time: 16:30-18:00

Location: UOM_A02

SYMPOSIUM: INTERNAL AND EXTERNAL INFLUENCES THAT PROMOTE INTEREST DEVELOPMENT DURING HIGHER EDUCATION**Chairs**

Paul O'Keefe, Yale-NUS College, Singapore; Kathleen M Quinlan, University of Kent, United Kingdom

Discussant

K. Ann Renninger, Swarthmore College, United States

Boosting STEM Interest Among Liberal Arts Undergraduates with a Brief Growth-Mindset Intervention

Paul O'Keefe, Yale-NUS College, Singapore; E. J. Horberg, Yale-NUS College, Singapore; Carol Dweck, Stanford University, United States; Gregory Walton, Stanford University, United States

Interventions to Promote Interest in Introductory Chemistry and Longer-Term Persistence in STEM

Judith Harackiewicz, University of Wisconsin-Madison, United States; Michael Asher, University of Wisconsin-Madison, United States; Cameron Hecht, The University of Texas at Austin, United States; Patrick Beymer, University of Wisconsin - Madison, United States

Promoting Student Interest Via Culturally Sensitive Curricula in Higher and Professional Education

SINGLE PAPER: GAME-BASED LEARNING IN MATHS AND ECONOMICS**Chair**

Panayioti Metallidou, Aristotle University of Thessaloniki, Greece

Effects of an Adaptive Math Learning Program on Students' Performance, Self-Concept and Anxiety

Anna Hilz, IPN - Leibniz Institute for Science and Mathematics Education, Germany; Karen Aldrup, IPN - Leibniz Institute for Science and Mathematics Education, Germany

The Strength and Direction of the Adaptation Affect Situational Interest in Game-Based Math Learning

Antti Koskinen, University of Tampere, Finland; Jake McMullen, University of Turku, Finland; Minna Hannula-Sormunen, University of Turku, Finland; Manuel Ninaus, University of Graz, Austria; Kristian Kiili, Tampere University, Finland

The Effectiveness of an Adaptive Digital Educational Game to Enhance Fraction Understanding

Febe Demedts, University of Leuven - Campus KULAK, Belgium; Bert Reynvoet, KU LEUVEN, Belgium; Delphine Sasanguie, Hogeschool Gent, Belgium; Manuel Ninaus, University of Graz, Austria; Kristian Kiili, Tampere University, Finland; Fien Depaepe, KU Leuven, Belgium

Serious Games in Economics Education: The influence of game mechanics and reflection prompts

Liane Platz, University of Konstanz, Germany; Michael Jüttler, University of Konstanz, Germany

Session U: 8

Time: 16:30-18:00

Location: UOM_A13

SINGLE PAPER: MOTIVATIONAL BELIEFS AND ATTAINMENT**Chair**

Charlotte Arnou, KU Leuven (BE), Belgium

Motivation and attainment: a systematic review of recent studies

Daniel Muijs, Queen's University Belfast, United Kingdom

Adolescents' expectancies and values in phenomenon-based learning and various school subjects

Inka Ronkainen, University of Helsinki, Finland; Janica Vinni-Laakso, University of Helsinki, Finland; Katariina Salmela-Aro, Helsinki University, Finland; Veli-Matti Vesterinen, The University of Helsinki, Finland

Changes in students' interest, competence and choice towards science learning on a long-term setting

Moonika Teppo, University of Tartu, Estonia; Miia Rannikmäe, University of Tartu, Estonia; Regina Soobard, University of Tartu, Estonia

Teaching to the test - killing students' motivation for the sake of good grades?

Joy Muth, University of Vienna, Austria; Marko Lüftenegger, University of Vienna, Austria

Session U: 9

Time: 16:30-18:00

Location: AUTH_DC2

SINGLE PAPER: PARTICIPATORY RESEARCH, SCIENCE COMMUNICATION AND DIALOGIC PEDAGOGY**Chair**

Gabriel Fortes, Universidad Alberto Hurtado, Chile

Participatory Research with youth as a Panacea for Educational Inequalities? A Meta-ethnography

Aline Muff, The Hebrew University of Jerusalem, Israel; Aviv Cohen, The Hebrew University of Jerusalem, Israel

Social disadvantage, classroom talk and educational attainment: RCT of a dialogic teaching programme

Jan Hardman, University of York, United Kingdom

Visualizing Effect Sizes for SciComm: Which Plot Types and Enrichment Options Support Sense-Making?

Jürgen Schneider, DIPF | Leibniz Institute for Research and Information in Education, Germany; Kirstin Schmidt, University of Education Karlsruhe, Germany; Kristina Bohrer, University of Education Karlsruhe, Germany; Andreas Lachner, University of Tübingen, Germany; Samuel Merk, PH Karlsruhe, Germany

Dialogic Problematisation of Academic Integrity Education

Mark Smith, Kean University, United States

Session U: 10

Time: 16:30-18:00

Location: UOM_A04

SINGLE PAPER: SOCIAL PROCESSES IN COMPUTER-SUPPORTED COLLABORATIVE LEARNING**Chair**

Julie Vaiopoulou, Aristotle University of Thessaloniki, Greece

Investigating productive social interaction and the development of a group atmosphere in CSCL

Azusa Nakata, University of Oulu, Finland; Karel Kreijns, Open University of the Netherlands, Netherlands; Armin Weinberger, Saarland University, Germany; Marija Milosevic, Saarland University, Germany; Hanna Jarvenoja, University of Oulu, Finland

Making invisible visible– Exploring social processes of remote collaborative problem solving

Group Learning or Learning Group? A Social Network Analysis on Group Regulated Learning

Mathias Mejeh, University of Bern, Switzerland

Measuring collaborative problem-solving skills in primary and secondary school students

matias rojas, Universidad Diego Portales, Chile; Miguel Nussbaum, Pontificia Universidad Católica de Chile, Chile; César Moreno, Red Educacional los Conquistadores, Chile; Camila Rojas, Red Educacional los Conquistadores, Chile

Session U: 11

Time: 16:30-18:00

Location: UOM_R09

SINGLE PAPER: THINKING AND REASONING IN SCIENCE EDUCATION**Chair**

Monika Waldis, University of Applied Sciences Northwestern Switzerland, Switzerland

The context matters: Exploring students' use of the resonance concept in organic chemistry tasks

Irina Braun, Justus-Liebig-University Giessen, Germany; Nicole Graulich, Justus-Liebig-University Giessen, Germany

Disclosing own reasoning while appraising others'. Implications for formative assessment development

Mariana Orozco, University of Twente, Netherlands

Examining all the evidence: Do undergraduates prioritize a review of studies over a single study?

Etsuji Yamaguchi, Kobe University, Japan; Clark Chinn, Rutgers University, United States; Hiroki Oura, Tokyo University of Science, Japan; Toshio Mochizuki, Senshu University, Japan

Students' Metacognitive Understanding of Apt Epistemic Performance in Science

Huma Hussain-Abidi, Rutgers University Graduate School of Education, United States; Clark Chinn, Rutgers University Graduate School of Education, United States; Kyle Hunker, Rutgers Graduate School of Education, United States; Susan Yoon, University of Pennsylvania, United States; Noora Noushad, University of Pennsylvania, United States; Thomas Richman, University of Pennsylvania, United States; Amanda Cottone, University of Pennsylvania, United States

Session U: 12

Time: 16:30-18:00

Location: AUTH_T202

SINGLE PAPER: SIMULATION-BASED LEARNING IN VOCATIONAL EDUCATION**Chair**

Raija Hämäläinen, University of Jyväskylä, Finland

Measuring the Collaborative Diagnostic Problem Solving Process in Automotive Malfunction Diagnosis

Dave Rexhäuser, Technische Universität Dresden, Germany; Stephan Abele, Chair of Vocational Education, Institute of Educational Vocation and Vocational Didactics, Germany; Anika Radkowsch, Leibniz Institute for Science and Mathematics Education (IPN), Germany; Constanze Richters, Ludwig-Maximilians-Universität (LMU), Germany; Louise Kaseler, TU Dresden, Germany; Peter Hesse, TU Dresden, Germany; Inga Glogger-Frey, University of Erfurt, Germany; Julius Meier, University Erfurt, Germany

How Role Power & Social Persuasion Relate to Self-Efficacy & Performance in a Role-Play Simulation

Dorothy Duchatelet, Open Universiteit, Department of Online Learning and Instruction, Netherlands; Leen Catrysse, Open Universiteit, Department of Online Learning and Instruction, Belgium

Social Experiences During Verbal and Video-Assisted Debriefings

Stefan Hanus, University of Regensburg, Germany; Helen Jossberger, University of Regensburg, Germany; Hans Gruber, University of Regensburg, Germany

Scaffolding in healthcare simulation training

Pauliina Rikala, University of Jyväskylä, Finland; Aaron Peltoniemi, University of Jyväskylä, Finland; Minna Ruoronen, University of Jyväskylä, Finland; Kaisa Silvennoinen, University of Jyväskylä, Finland; Raija Hämäläinen, University of Jyväskylä, Finland

Session U: 13

Time: 16:30-18:00

Location: AUTH_T102

SINGLE PAPER: MATH SELF-CONCEPT**Chair**

Ana Rodrigues de Lemos, Faculty of Psychology and Educational Sciences of the University of Porto, Portugal

The Implications of Math Self-Concept Decline Among High-Ability and Average-Ability Students

Alicia Ramos, KU Leuven, Belgium; Karine Verschueren, KU Leuven, Belgium

Mathematics self-concept, self-beliefs, and performance for mid-adolescent New Zealanders

Penelope Watson, University of Auckland, New Zealand; Bernhard Ertl, Universität der Bundeswehr, Germany; Shengnan Wang, The University of Auckland, New Zealand

Becoming a "math-person": Interplay between achievement emotions, motivation and math identity
